Abdul Ghoni and Partner.

## BUSINESS PLAN

The Shareholders believe there is a significant gap in management style and quality of services offered by foreign-owned & managed contracting companies, compared to those provided by locally-owned & managed companies. Madhani has the required management style to fill this gap as evidenced by Madhani's rapidly expanding client base. Madhani is able to offer high quality services comparable with foreign-owner contractors. Madhani will pursue projects both as a contractor, providing quality services, and also as a Project Investor and Project Developer. Madhani seeks to provide contract services to clients/investors/project developers who are aligned with Madhani in their business outlook & objectives, and where there is opportunity to form long-term stable relationships, amenable to growing our respective businesses, equitably and profitably.

**SCOPE OF SERVICES**

Madhani is a provider of quality services to international standards, while maintaining an Indonesian identity and philosophy of how to work with and assist mine owners and investors.

This is being achieved by using appropriate technology, procedures and equipment making our client's needs our first priority at all times; maintaining a highly motivated and skilled workforce and a safe and healthy work environment for our employees. By working with our clients in partnership style relationships we will continue to achieve better outcomes and profit by identifying risks and opportunities to lower costs and hence produce higher returns for both parties.

Madhani has the capability and experience to reliably provide a wide range of services to the mining industry in both coal and hard rock mines.

Madhani's services capability include :

**A. Contract Mining Services**

- Waste Rock / Overburden removal
- Ore / Coal extraction
- Coal crushing /processing
- Coal handing and barge loading
- Drilling and blasting
- Ore / Coal haulage

## SAFETY AND ENVIRONMENT

Madhani places first priority on respecting and protecting the natural environment and working safely in every aspect of our operations and projects. Madhani bases its commitment to these objectives on the premise that good environmental and safety management will also lead to better efficiency and lower cost for our services. We care for our employees, clients, sub-contractors and the local communities where Madhani operates.

Madhani's commitment to safety and protection of the environment is contained in various Company Policies.

## PLANT AND EQUIPMENT

Madhani owns and operates a modern fleet of equipment, which is maintained by Madhani maintenance personnel, using strict daily service regimes and planned maintenance systems to ensure high equipment availability and reliability.

Madhani's excavator equipment ranges up to 250 Tonne class.
